Your-Floor[®] **Supa Trac**

Your-Floor® Supa Trac: Robust and Lightweight Ground Protection Solution
Supa Trac is an innovative temporary flooring solution that offers both durability and a lightweight design, making it an excellent ground protection option for marquee and stadium flooring, pedestrian walkways, or any area with significant foot traffic or equipment use.

Designed to support the weight of forklifts with pneumatic tires, light trucks, and vehicular traffic, Supa Trac is an ideal choice for temporary parking and turf protection. Its unique panel design allows light, air, and water to reach the grass, preserving its health while safeguarding it from being trampled by pedestrians or vehicles. Supa Trac is suitable for use on both natural and synthetic turf, making it a versatile option for both indoor and outdoor applications.
